

**Bilateral meetings event**

# ***Solar energy in Urban planning***

**27-28 March 2014  
Naples, Italy**

On the occasion of the 3rd experts meeting of the group "[Solar energy in urban planning](#)", [TASK 51 of the International Energy Agency - Solar Heating Cooling](#), ENEA, as EEN partner, will organize a **Bilateral Meetings Event on Solar energy in urban planning**, to be held in **Naples, Italy on 27/28 March 2014**.

At the event SMEs, Universities, Research Centres and Public Administrations operating in the fields of energy efficiency, use of renewable sources, buildings, smart cities, will have the opportunity to meet the Task 51 experts in one-to-one meetings in order to:

- share ideas and information;
- discuss on the Task 51 group activities outputs;
- transfer know-how;
- establish business and technological partnerships;
- explore the opportunity to cooperate for European research and innovation programs.

## **Main topics:**

- Solar energy technologies
- Energy efficiency
- Smart cities
- Building integration
- Urban planning
- Tools for urban planning design (solar potential)

## **Who will participate:**

- Task 51 experts: as Task 51 members but also representing their own host organisations, mainly from Germany, Sweden, Norway, Denmark, France, Austria, Switzerland.
- the most relevant companies, universities, research institutes, public administrations, stakeholders and architectural and urban planning offices interested in Solar energy, Urban planning, smart cities technologies and policies, from all over Europe.

**Language:** English

**Costs:** Free of charge

Bilateral meetings event

# Solar energy in Urban planning

27-28 March 2014  
Naples, Italy

## Dates for your agenda

| Deadlines   | Tasks   |
|-------------|---|
| 21.02.14    | Registration and submission of all participants' profiles |
| 07.03.14    | Online selection of one-2-one meetings                    |
| 27-28.03.14 | Bilateral Meetings  |

### How it works:

The meetings will be scheduled on the basis of the online catalogue hosted by the dedicated website <http://b2match.eu/solarenergy2014>.

The Task 51 members will submit in the online catalogue their Tasks and/or Host Organization profiles where will be specified their expertises, interests and "target meetings".

The other participants will submit in the online catalogue their personal profiles.

The catalogue will be available online, where the complete list of participants will be available.

Registered participants who, on the basis of the online catalogue, find a match with the Task 51 members can request a one-to-one meeting via the online meeting request form.

Shortly, before the beginning of the event, all the participants will receive their personal meeting agenda by email.
