## INTERNATIONAL BROKERAGE EVENT

Enterprise Europe Network affiliated by West Pomeranian Economic Development Association together with the International Szczecin Fairs invite to participate in brokerage event organised in frames of BUDGRYF- 19th International Construction Fairs and ENERGIA - 14th Renewable Energy and Conventional Energy Fairs in Szczecin/Poland.

New technologies in building sector, construction and finishing materials as well as modern technologies for generating and using electricity and heat from traditional and renewable sources, are the main focus of the event. The fair and brokerage are an opportunity to meet representatives of the sector, including manufacturers, vendors, architects, service providers and investors.

The last fair attracted about 200 companies presenting a full range of products, technologies and solutions. Moreover, nearly 10,000 visitors interested in the sector attended the event
